Congressional District #6

GROWING JOBS IN COLORADO

Manufacturer's Edge works with small manufacturing companies to create high-paying manufacturing jobs in Colorado. The winner in 2014 of an open competition to become Colorado's Manufacturing Extension Partner (MEP), Manufacturer's Edge is a public-private partnership providing small manufacturers with services to help grow their businesses and create well-paying, stable manufacturing jobs for Colorado's middle class families. As an MEP, Manufacturer's Edge is measured quarterly on how many jobs are created or saved by the work we do. We focus completely on driving that job growth and expanding the Colorado economy.

Of the 6,000 manufacturers in Colorado, 80% employ less than 20 people. Manufacturer's Edge is the only federal program dedicated to serving small manufacturers, and fills the gap left by for-profit companies who overlook this large segment. We are proud to be able to serve this constituency and help more and more Coloradans prosper in the growing manufacturing economy of our state.
